### Description

With only one previous owner and very low mileage of just 25003 miles for a 2019 registration car, this Nissan Leaf N-Connecta is a fantastic electric car. Being a Nissan manufacturer-approved vehicle with a clear vehicle history check, you can drive away with complete peace of mind. The N-Connecta trim comes with some great features, including Nissan i-Key for keyless entry, Blind Spot Warning for enhanced safety, Intelligent Auto Headlights, and a Rear View Camera to make parking a breeze. The 40 kWh battery provides a maximum range of 168 miles when new. Charging is convenient, taking just 7 hours 30 minutes using a 7kW home charger. When you're on the go, the fastest public charging time from empty to 80% is only 1 hour 20 minutes. The Leaf also boasts a large boot, making it more practical than other similar vehicles in its class.
