Description

With only one previous owner and very low mileage of just 8633 miles for a 2022 registered vehicle, this Hyundai IONIQ Premium represents an excellent opportunity. Being Hyundai manufacturer approved and with a clear vehicle history check, this electric car comes in the Premium trim. It boasts a heated steering wheel, automatic headlights with dusk sensor, and a wireless phone charging pad. The IONIQ has a large boot space, making it more practical than similar vehicles. The 43 kWh battery provides a maximum range of 193 miles when new. Charging at home using a 7kW charger takes approximately 6 hours and 5 minutes, while rapid public charging from empty to 80% can be achieved in as little as 54 minutes.
