Description

With only one previous owner, this 2023 Polestar 2 Standard Range is a superb electric vehicle. As a manufacturer-approved model, you can be confident in its quality. The car comes with a 69 kWh battery, providing power to the electric motor. You'll also find Adaptive LED Headlights for enhanced visibility, and a Rear View Camera to make parking easier. Passengers will appreciate the Heated Front Seats, perfect for those chilly mornings. The Polestar 2 boasts a large boot space, making it more practical than similar vehicles. The battery provides a maximum range of 297 miles when new, so you can undertake longer journeys with confidence. Charging at home using a 7kW charger will take around 11 hours for a full charge. If you need a quicker top-up, the fastest public charging time to 80% is just 36 minutes. The car can accelerate from 0-60mph in 7.0

seconds, demonstrating its excellent performance.
